

Plaster Sink

MODEL RANGE: SIRIUS | G22000L | 2000100259

Utility sinks | Multi purpose sink

Plaster sink top manufactured from 1.2 mm thick grade 1.4301 (304) stainless steel, with a satin polish finish whereas the bowl is from 1.5 mm material. Available in 1200 length the single bowl incorporates a plaster catcher sump which is prepared for a 38mm waste. A flush grated waste is available as an extra. A plaster catcher/basket and lid is supplied which fits into the sump in order to prevent loose plaster from entering the waste and causing a blockage. No tapholes are provided so any taps to be fitted must be wall mounted. Stainless steel cantilevered brackets and stainless steel front leg supports can be supplied as an extra. Both these types of supports rely on a strong wall fixing, particular when the brackets are fitted. No wall fixing are supplied. L or R after the code number refers to the handing of the drainer ie. left or right when facing the unit.

LH drainer

Dimensions 1200 x 394 x 600 mm (W x H x D)
